## VIOLATION REPORT

### Violation of Rules and Conditions

1. I will report in person to the Supervision Authority within forty-eight (48) hours after sentencing and/or my release from custody. If released after normal business hours Monday through Friday, I will report the first available working day by noon. I will report continually in writing and in person as directed by the Supervising Authority.

6. I understand I will be assessed by the Supervision Authority in order to identify my risks and needs to create a supervision plan that I will be required to address during my supervision. I will attend and complete any/all assessments, counseling, treatment, therapy, programs, services, and training to address my risk and needs as required by the Supervising Authority and must provide verification of attendance and completion of said requirements.

On 02/15/2023, an admittance letter was received from Grand Mental Health advising Kasey Freeman was at the Grand Urgent Recovery Center. On 03/07/2023, Grand Mental Health was contacted verifying the status of Freeman. Grand Mental Health advised Freeman was no longer at the facility and did not know her whereabouts. Multiple attempted phone calls to include text messaging has been sent to Freeman's listed phone number, trying to make contact with her. On 03/21/2023, an attempted home visit was completed at Freeman's last known residence, and a note was left with instructions for Freeman to report on 03/22/2023, at 0800. To date, Freeman has failed to report or make contact with Probation and Parole Services.

11. I will not violate city, state or federal laws and will notify the Supervising Authority within forty-eight (48) hours of any arrest or contact with law enforcement.

An inquiry of On Demand Court Records was completed on 03/23/2023, to see if Freeman had obtained new charges. On 01/10/2023, Freeman was charged in Tulsa County District Court with CF-2023-89 Burglary - 3rd Degree. A warrant of arrest has been issued with a bond amount of \$10000.

14. Unless designated as an Eligible Offender through Community Sentencing and supervised by Probation and Parole Services, I will pay a monthly \$40.00 Supervision Fee as directed by the Supervision Authority, unless otherwise ordered by the Court.

The offender's supervision fees of \$40.00 per month began May, 2022. To date, the offender stands \$400 in arrears.

#### Summary/Recommendations

Freeman's last know address was 115323 S 4235 Rd Eufaula, OK 74432. This address was last verified on 06/09/2022. Freeman resided with husband Chris Freeman, and he was listed as her capable guardian. Freeman's last know employer was Tally's Diner Tulsa, OK. On 03/23/2023, Tally's was contacted to check on the status of Freeman's employment. Tally's advised Freeman is no longer employed with them.

On 07/06/2022, Freeman was assessed on a Level of Service Inventory--Revised (LSI-R). The offenders score of 19 indicates Freeman is a moderate-risk to re-offend. The offender's identified criminogenic needs to be addressed during supervision are in the area of substance abuse. On 07/06/2022, a transition plan was developed with the offender calling for Freeman to complete a Substance Abuse Assessment and follow all recommendations of the provider. Freeman has completed a Substance Abuse Assessment, but has failed to complete the treatment provider recommendations. Freeman was also advised to complete Victim's Impact Panel. To date, Freeman has failed to provide any supporting documentation for completion of substance abuse treatment or Victim's Impact Panel.

This officer checked Vinelink on 03/23/2023. Freeman was not listed as incarcerated. Oklahoma Department of Human Services (DHS) was contacted for additional information, and no additional information was provided for Freeman. Utility companies were contacted, but no services were listed in Freeman's name.

Intermediate sanctions have not been utilized, due to Freeman not reporting as required. Freeman's choice to not participate in the recommended substance abuse treatment have not assisted with a successful outcome for the offender.

Based on the offender's current behavior, Freeman appears to be in the pre-contemplation stage of change.

This officer has attempted to contact the offender at her last known residence and all known telephone numbers for the offender, to include collateral contacts listed in the supervision file. All attempts to locate the offender and bring her into compliance with supervision since her last office visit has been unsuccessful, and Freeman is considered an absconder from the supervision of the Oklahoma Department of Corrections.

Freeman has disregarded pro-social choices, and chosen to participate in increased criminal behavior. Resources have been provided for Freeman to assist with her court ordered alcohol and substance abuse treatment and victim impact panel; however, Freeman has chosen not to partake. Freeman remains non-compliant with reporting and an outstanding warrant in the amount of \$10000 remains active for Tulsa County Case CF-2023-89 as of this writing.

It is respectfully recommended Freeman be considered for placement in intermediate revocation facility.
